Shenzhen Stanford Co Ltd is a leading manufacturer specialized in the production of straps, ropes, ribbons and weaving related products. With more than 30 years of experience, we take pride in our ability to produce high-quality products that meet the needs of a wide range of industries.

Our company has been in the business for many years, and during that time, we have developed a reputation for excellence. We use the latest technology and production methods to create products that are strong, durable, and reliable. Our team of skilled workers is dedicated to ensuring that every product we produce meets our high standards of quality.

At our company, we are committed to providing exceptional service to our customers. We design our manufacturing workflow, top to bottom for success which we work closely with our customers to understand their needs and requirements. We are always looking for ways to improve our products and processes and committed to meeting our customers' deadlines and ensuring that their orders are delivered on time. In addition to our commitment to quality and service, we are also committed to sustainability. The production factory in question boasts an impressive 68000 square meters of space, providing manufacturing and production operations.

With over 500 professionals and operational employees in various roles such as operators, technicians, engineers, supervisors, R&D team and administrative staff. This sizable workforce allows the factory to operate around the clock, maximizing production output and meeting the demands of customers.

The factory features state-of-the-art machinery and equipment, which enables it to produce high-quality goods efficiently and at a large scale. Additionally, the factory likely has stringent quality control measures in place to ensure that all products meet industry standards and customer expectations.

We offer a wide range of products to meet the needs of our customers. Our straps are used in the shipping and transportation industry to secure goods and materials. Our ropes are mainly used in construction, marine for pulling, lifting, and securing. Also, other industries for our straps and ropes are being used for luggage, handbags, shoes, outdoor sports, medical health, safety protection and so on. Our weaving products are used in sports equipment, safety equipment, and outdoor gear.

Our products are mainly exported to Europe and the United States and other parts of the world which makes us proud that we have become designated supplier of many international brands such as LULULEMON, LACOSTE, ARMANI, MK
